Articulation Agreement
Seminole Community College
and
Strayer University

I PURPOSE

The purpose of this articulation agreement is to establish guidelines and procedures for students to transfer from Seminole Community College (SCC) to Strayer University (SU) following completion of the Associate of Arts or Associate of Science degree. The program is intended to maximize a student's transfer credit, advise students on the completion of both prerequisites and general education requirements for entry into the bachelor degree program.

II ELEMENTS OF THE AGREEMENT

A. Admissions Practices

1. SU will accept applications from students who wish to transfer from SCC into any related baccalaureate degree program at SU. Transferring SCC applicants must meet the same admissions criteria as other students applying for transfer to SU.

2. SCC students who graduate with an Associate of Arts or Associate of Science degree, are applying to a related degree program at SU, and have a SCC cumulative GPA of at least 2.0, including grade forgiveness and as calculated by SCC, are guaranteed admission to SU. Once admitted, students are subject to all other policies and procedures, including residency requirement of SU, as outlined in the SU catalog, which currently states that students must complete at least 30 percent of the program at SU. Students who have questions may consult a counselor and/or advisor at either institution for assistance.

3. SCC students, who have completed or will complete an associate's degree by the time they enroll in classes at SU, will be exempted from paying the SU application fee.
B. Acceptance and Application of Credits

1. The maximum number of transfer credits accepted from an institution granting a 2-year degree will be equal to 126 quarter credit hours or 84 semester credit hours. Under this agreement, all courses required to complete the specific related associate's degree program from an articulated school will be articulated into and counted towards the bachelor's program in their entirety. Bachelor degree programs at SU require 180 quarter credits.

2. Students from two-year institutions where we have articulation agreements will have their entire degree program transferred in, including "C- and D" grades, allowing the student to complete their related degree program at Strayer University in about two years of full-time study.

3. Students completing an AA or AS at SCC will be considered to have met all lower division general education requirements at Strayer University. Students will be required to meet upper division general education requirements.

4. If a student does not have the prerequisite for a 300 or 400 level course at SU, he or she may be required to take the prerequisite course before taking upper division course.

5. SU will accept courses/credits earned through Advanced Placement (AP), College-Level Examination Program (CLEP), or other testing programs. SU also will evaluate courses/credits earned at other institutions as well. Students must provide the university with official transcripts from each institution attended.

6. Prior Learning Activity and other life experiences credits already evaluated as part of the associate's degree program will be brought in with the degree.

C. Implementation of the Agreement

1. SU and SCC agree to assist each other in promoting this agreement appropriately in their respective promotional materials, events, websites and reports.

2. The curriculum in effect at SU at the time a student first enrolls at SCC will be honored by SU if the student completes an associate's degree and successfully transfers to SU within 7 years of that first enrollment at SCC.
