Bachelor of Science, Accounting

Bachelor of Science, Business Administration

Bachelor of Arts, Psychology

and

SEMINOLE COMMUNITY COLLEGE

Associate of Arts Degree

Associate of Science Degree

This Articulation Agreement is entered into by and between Seminole Community College and Webster University.

WHEREAS, the parties desire to promote the most efficient and effective use of their resources and to offer students the broadest possible range of educational opportunities, and

WHEREAS, the intent of this agreement is to facilitate the transfer of associate degree students from Seminole Community College to Webster University,

NOW, THEREFORE, the parties agree to cooperate in articulating programs in accordance with the terms set forth herein.

I Webster University shall recognize the Associate in Arts degree as the “2+2” transfer degree from the Florida Community College System. However, other associate degrees shall be recognized and transfer on a course-by-course basis as further clarified in this document.

II Webster University and Seminole Community College shall agree to the following conditions:
III PURPOSE

The purpose of this articulation agreement is to establish guidelines and procedures for students to transfer from Seminole Community College to Webster University in the above said Bachelor of Arts and Bachelor of Science degree programs following completion of an Associate of Arts, or Associate of Science degree program. The program is intended to maximize a student’s transfer credit award, and advise students on the completion of both prerequisites and general education requirements for entry into the bachelor degree program. The aim is to achieve a 2 + 2 partnership for students to earn a B.A. in Management, or a B.A. in Management with emphasis in Health Care Administration or Human Resource Management, or a B.A. in Psychology, a B.S. in Accounting or a B.S. in Business Administration after having completed the Associate degree at Seminole Community College.

IV ELEMENTS OF THE AGREEMENT

A. Participating students shall complete at SCC:

1. The Associate of Arts degree shall be recognized as the basic transfer degree and, as such, the primary basis for admission of transfer students to upper-division programs of study.
   a. Students transferring with an Associate of Arts degree shall be awarded a minimum of 60 credits hours.
   b. There are no program pre-requisites for any of the articulated Bachelor degree programs at Webster University.
   c. Seminole Community College students who transfer with the Associate in Arts degree under the terms of this Agreement shall be considered as having completed the general education requirements of Webster University.

2. The Associate of Science degree, in any area of study, shall also be recognized as a basic transfer degree and, as such, the primary basis for admission of transfer students into upper-division programs of study.
   a. Students transferring with an Associate of Science degree shall be awarded a minimum of 60 credits hours.
   b. There are no program pre-requisites for any of the articulated Bachelor degree programs at Webster University.
   c. Appropriate courses within the Associate in Science degree will articulate to baccalaureate degree programs. Courses taken as part of the A.S. degree to meet the general education requirements of Seminole Community College will transfer and apply toward the Webster University general education credit hours required for the baccalaureate degree. No additional general education credit hours will be required except to complete the total general education hours required by Webster University.
Participating students must submit an application to include fee, official transcripts, a resume and/or 300-400 word autobiographical essay, and if permanent resident, a copy of both the front and back of the resident alien card. Application procedures for international students from all countries are: completion of an International Application for admission accompanied by appropriate non-refundable application fee, official transcripts and education records, a 300-400 word essay on a topic of choice, two letters of recommendation, a copy of the I-94, I-20, passport and front and back of visa. Applicants whose primary language is not English must document their English language proficiency at the time of application. Completed application for citizens, permanent residents, international students should be provided to an Academic Advisor at the north or south campus of the Webster University, Orlando Metropolitan campus four weeks prior to the start of the term.

B. Credit Transferability:

1. General Education courses from the Associate of Arts degree will be accepted as a block and recognized as completion of Webster’s General Education requirements for the Bachelor’s degree. General Education courses taken as part of an Associate of Science degree will be evaluated course by course to determine how many and which courses will still be needed to complete the 27 credits of Webster’s General Education requirements.

2. Electives from the Associate of Arts degree program and Major, Support and Elective courses from the Associate of Science degree programs will be accepted as a block unless the credits, not to exceed 98, are earned as part of a successfully completed Associate degree program.

3. Students with a minimum cumulative G.P.A. of 2.5 will be admitted. Applications of students with less than a cumulative G.P.A. of 2.5 will be reviewed on a case by case basis.

4. Grading policies as established by Seminole Community College will be honored, including recognition of the G.P.A. as calculated if Grade Forgiveness was applied. The G.P.A. will not be recalculated by Webster. The grade of “D” shall transfer and count toward the baccalaureate in the same way as “D” grades obtained by students at Webster, provided that the student has earned and been awarded the A.A. or A.S. degree. Whether courses with “D” grades in the major satisfy requirements in the major field may be decided by the Webster department or college.

5. Webster will accept and apply towards the baccalaureate any credit applied by Seminole Community College toward the Associate Degree from Advanced Placement, Credit by Exam, or articulated credit.

6. Students must complete a minimum of 30 of the final 36 credit hour requirements in residence at Webster University.
C. Coordination

1. Seminole Community College will:
   a. Allow Webster University representatives to conduct on-campus visits to provide information about their programs to students, alumni and staff
   b. Advertise the articulation agreement with Webster on its Web site.

2. Webster will:
   a. Provide Seminole Community College with relevant transfer information and requested current Webster catalogs and brochures
   b. Refrain from encouraging Seminole Community College students to enroll at Webster until they complete their program of study at SCC.
   c. Provide assistance to students to seek federal, state and private sources of financial aid.

3. Both institutions will:
   a. Publicize and update information regarding the articulation agreement
   b. Make available to students, alumni, staff and faculty a copy of the Articulation Agreement, the contents of which have been mutually agreed by Seminole Community College and Webster University.
   c. In all joint promotions, SCC will be identified as the freshman and sophomore level course provider and Webster as the junior and senior level course provider.
   d. Notify each other concerning any planned curricular changes that would affect the future of this agreement.
   e. Exchange any other information that Seminole Community College and Webster believe will be helpful to monitor and assure the academic success of participating students.

E. Terms:

1. This agreement replaces the previous articulation agreement between Webster University and Seminole Community College. This agreement takes effect in Fall 2007.

2. This agreement is to be reviewed and is subject to change if changes are made to either institution's program of study. It may be renewed automatically on an annual basis up to a maximum of five years if there are no curricular changes to either institution's programs. The agreement will be void after five years and must be redrafted.

This agreement is subject to change and/or modification by mutual written consent between the parties hereto. It is understood that this agreement may be modified by Webster University with the directives of the President or academic leadership at Webster, the Statutes governing Webster, or the policies of the Board of Trustees of Webster, or by Seminole Community College in accord with the directives of the Seminole Community College Board of Trustees or State Board of Education. This Agreement may be terminated by either party upon written notice to the other party, given at least one full academic year in advance of such termination date.

The parties hereto acknowledge and agree that Seminole Community College is a political subdivision of the State of Florida. As such, the College's performance under this Agreement and any amendments hereto or attachments connected herewith, shall at all times be subject to any and all state laws, state regulations and District Board of Trustee policies.
