Deferments/short-term loans due

- Students receiving financial aid must accept their aid and defer their fees every term they receive aid. Students who have not deferred their fees by the due date, which is located under the Student Center/Finances section of their MySeminoleState account, will be dropped from their classes, and it will be necessary to re-enroll.
• Financial aid disbursement will begin two to three weeks after the add/drop period if the student’s file is complete. Disbursement for students who are required to submit verification or have other circumstances will take longer. Students should check the to-do list in their MySeminoleState account to ensure that they are not missing any documents. If you have questions about your financial records, contact Financial Aid at 407.708.2045.

Important: Don’t forget to check the IRS Data Retrieval option when filling out your 2012-13 FAFSA! Selecting this option will simplify and expedite the verification process as well as reduce the number of documents you need to submit.
