Greetings from Dr. E. Ann McGee

Seminole State President

Greetings from our new state college—Seminole State College of Florida! As I’m sure you’ve heard, our Board of Trustees unanimously voted on Sept. 21 to change our name. We have expanded our mission to include four-year degrees. As we launch our first bachelor’s degree program in January—a Bachelor of Applied Science in Interior Design—you can rest assured that our core mission will not change. We are only responding to our community’s needs and maintaining an open-door admissions policy for our Associate in Arts, Associate in Science, Adult Education, and Career and Technical Certificate programs.

We may have a new name, but we are still the same institution that has been changing lives for more than 44 years. The decision to change our name was not one that we took lightly. We’re proud that we made the process an inclusive one with more than 3,400 people submitting 1,007 unique names. What an incredible response! Yes, our community really got involved!

Our new name honors our heritage, while setting forth a new path for the future. This newsletter celebrates our achievements in the 2009 fiscal year, which ended on June 30, 2009, and those who have championed our College. The generous gifts highlighted in this report helped to open the door to learning and truly enhanced the quality of education at our six sites.

More students than ever—32,000 of them—are seeing the benefit of choosing Seminole State for their first two years of higher education. And, in tough times, your support is more important than ever! In 2008-09, the Foundation received nearly $5 million in private contributions and public grants, which helped fund 3,120 scholarships and numerous academic programs. This is a shining example of the direct impact your generosity has on our students’ success.

We invite you to celebrate all that we are and all that we can be! Thank you for continuing to support Seminole State and for making an important investment in our students’ futures.

Grants

Grants have a big impact on Seminole State College of Florida. The grants awarded to the SCC Foundation each year help fund critical resources for students, including programs, services and scholarships.

The Foundation received several grants during the 2009 fiscal year. Among them:

U.S. Department of Labor $2 million grant supports nursing initiative

The College received its largest grant of the year from the U.S. Department of Labor, a $2 million, three-year grant that will help ease the severe nursing shortage in Florida. The grant will support the Regional Nursing Career Pathway Initiative, which is designed to increase and improve the pool of students entering nursing; provide educational advancement for college faculty and industry nurse educators; and improve the quality of nursing through simulation training.

To implement the initiative, Seminole State is partnering with area community colleges, the University of Central Florida, Workforce Central Florida, area hospitals, the Orlando Science Center, public schools, and community and faith-based organizations.

PBS&J helps increase women in science

The College was awarded a $10,000 grant from the PBS&J Foundation, Inc. to increase the number of women in science-related careers. The grant will help fund several initiatives, including guest speakers, field trips, career workshops and scholarships. It is also being used to establish a Web resource that will allow students to gather information and explore science-related internships, jobs and volunteer opportunities.

Harper Family Foundation enhances DDS

A $6,000 grant from the Harper Family Charitable Foundation, Inc. will allow the College to enhance its Disability Support Services. The grant will be used to provide vision-impaired students with a portable magnification system and a keyboard Braille display. Disability Support Services provides academic accommodations for more than 550 students each term on all four campuses.

Major Gifts

Corporate and individual gifts directly benefit Seminole State. Like grants, the funds received through gifts have an immediate impact on the College’s programs and scholarships, thereby enhancing learning and student success.

The SCC Foundation received considerable financial support during the 2009 fiscal year. Notable gifts include:

CFADA donates $25,000 for scholarships

The Central Florida Auto Dealers Association, Inc. (CFADA) showed its support for the College with $25,000 in scholarship donations.

CFADA President Mike Collier selected Seminole State College for the President’s Award, which provided $10,000 in scholarships for first-generation students. First-generation scholarships were the only type to receive state match dollars in 2008-09.

For the 12th consecutive year, the CFADA also donated $15,000 for automotive student scholarships.

S.I. Goldman commits to Construction Program

S.I. Goldman Co., Inc. lent its support to Seminole State College’s Construction Management Program with a gift of $10,000. The gift is part of the Foundation’s campaign to expand the education opportunities found within the Wharton-Smith Center for Construction at the Center for Economic Development at Heathrow. S.I. Goldman’s gift will support the construction trades, design and construction management programs.

For more than a decade, Seminole State has been training future leaders in the construction industry with its Architecture and Construction Management Program. In January 2007, the program was expanded to offer a separate degree in Construction Management.

Gould family endows $30,000 nursing scholarship

Longtime College supporters Norman and Jean Gould created a new scholarship opportunity for nursing students and faculty. The Gould Family Endowed Scholarship for Nursing is open to nursing students with a 3.0 GPA or higher as well as nursing faculty wishing to pursue an advanced degree from the University of Central Florida.

By endowing this scholarship, we were hoping to lead by example and encourage people to contribute to a scholarship as a way to commemorate a milestone or honor a special event," said Jean Gould. “With an endowed scholarship, the gift will last in perpetuity.”

Annual unrestricted gift of $1,000. Unrestricted gifts are applied to areas of greatest need at the College. In essence, the Presidents’ Club is a “living endowment” in that it provides support year after year without the necessity of a multi-million dollar endowment fund.

Membership reflects gifts made from July 1, 2008 through June 30, 2009.

Choosing lives with The Weldon Society

The Weldon Society honors the alumni, employees, parents and friends who include Seminole State College of Florida in their long-term plans. Named after the College’s first donors, Dr. Earl and Gerry Weldon, the society grants lifetime membership to those who have indicated an end-of-life gift to the College in the form of a bequest, trust, paid-up insurance policy or irrevocable planned gift.

The generosity of The Weldon Society’s members has a substantial impact on the College, providing scholarships and program support for the College and its students.

Members of The Weldon Society are:

Charles and Lisa Gregg
Ken and Chris Sylvester
Mildred Lind

Presidents’ Club Update

The SCC Foundation celebrated nearly $1 million in donations during the annual Presidents’ Club Dinner at the Lake Mary Events Center. The Presidents’ Club, created in 2001, made up of individual donors who contribute a minimum annual unrestricted gift of $1,000, has raised $950,000 for Seminole State College. Foundation Executive Director Matthew Hodge said, “There’s not a program at Seminole State College that has not been touched by the generosity of our Presidents’ Club members.”
